

## Update | APRIL 2013

[About Us](#)

**Free Access & Reliable Data**

*Looking for the most current data on child well-being?*

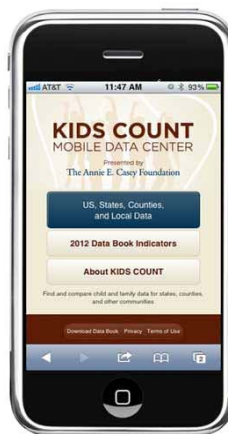

Our National KIDS COUNT data center provides state rankings for four domains: Economic Well-Being, Education, Health, and Family & Community.

## Data Anytime Anywhere

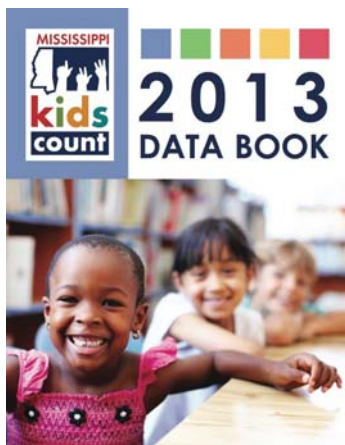

Spring is a busy time of year for conferences, conventions, and professional development opportunities. The National KIDS COUNT Mobile Data Center is available to download to your phone and iPad. This free and useful tool provides data on the national and state level.

**Find and compare child and family data for states, counties, and other communities.**

**Go To:**  
[mobile.kidscount.org](http://mobile.kidscount.org)

## We Need Your Help

The MS KIDS COUNT team is passionate about providing the most relevant data and research for you.

We will be sending out a survey asking for your feedback on how you use KIDS COUNT data and what additional information would help you make an impact in your community.

The online survey will be brief but the valuable results will help our staff continue the commitment to sharing reliable information about the well-being of Mississippi's children.

Look for our email survey request in your inbox soon. Your feedback counts!

## Stay Connected

Mississippi KIDS COUNT will spend this year highlighting data and research focused on the economic well-being of children and families across the state.

Your participation is critical in identifying challenges and sharing solutions for a better Mississippi.

**Join the conversation and make a difference!**

### *Mississippi Medicaid 101*

Mississippi Public Broadcasting's Jeffrey Hess provides a three part series on the Medicaid debate.

To View MPB's webpage, please copy & paste the address here:
